The main objectives of postgraduate certification are to make the students to learn the opportunities to become a successful doctor and to serve the nation and the humanity with great respect and pride.

MBBS in NMU

The Bogomolets National Medical University of Europe provides medical education to almost thousands of students. The Institute is a government University with a very huge staff of doctors, professors and specialist's. Studying MBBS in Europe is one of the heartiest achievements. Here students are provided with up to date research facilities and equipment's. One of the top priority is that the institute provides guaranteed admission with no IELTS/TOEFL and invitation assurance for Indian, African and foreign students.

Why Study in NMU

In 2005, Ukrainian Universities joined the Bologna process at the conference of European ministers in Bergen. This proves to be a great choice for students to study MBBS in Europe. Students in Ukraine can take a ride in speedy trains, underground metro, trams, trolley bus etc.

The country is a safe and secured place for all international students. Thus study MBBS in Ukraine is the best effective way than other EU countries. Study is not just about learning but about growing up with all round development. The university does not just create doctors but to mould and nurture its students to be good human beings working towards humanity and providing personal aids to the people in need. Chances of settlement in other European countries such as Canada, Australia, and United States are also there after successful completion of the studies for Indian students. People are friendly, benevolent, generous and malleable and thus prove to be a major point of focus to study MBBS in Ukraine. Study MBBS in Ukraine is affordable over other western countries like UK, USA and Australia. The country has a moderate climate throughout the year. It has an outstanding and competent faculty, interaction and conference by visiting delegates from USA, Canada, and UK thus providing a gateway to study MBBS in Ukraine for Indian students. Students can enjoy bilateral exchange program with Universities in Germany, Sweden, Finland, and Czech Republic. The University provides three months summer jobs during vacation in other EU countries.

ACCOMMODATION

The student of NMU can choose either to live in the university dorm or rent an apartment in the city under knowledge of the university. The price of living in the dorm and living in an apartment may differ substantially given that the latter is charged privately by the owner and not mediated upon by the university. However, the student can always ask for assistance at the student consultation desk at the university.

The university owns seven dormitories within the city of Kiev both for undergraduate and graduate student. Each of these dorms is equipped with fully furnished kitchens for the students to use along with study hall and Wi-Fi internet connectivity.
