Rector

Dear Applicant

As a Rector of Danylo Halytsky Lviv National Medical University, I have a pleasure to welcome you to the University, one of the oldest European universities, we are proud to offer our medical, dental, pharmaceutical and postgraduate education programs. The University offers an intimate, collegial environment, which fosters human values and genuine learning. This is in harmony with the traditional idea of living and learning together. New computerized technology, modern individual electronic communications, a newly introduced course of studies in English language, a significant number of high level international academic conferences, participation with other universities in creating sophisticated programs of medical studies on pair with those of Europe-this is a modern image for our University.

Social reforms in our nation have touched not only the practice of medicine but also medical education. We have always endeavored to change with changing times but as often were the initiators of reforms in higher medical education. This not only aided us in withstanding difficult times but also allowed us to move ahead.

I am sure you will feel at home here, and your decision to choose our Danylo Halytsky Lviv National Medical University is the right one.

Sincerely yours,

Prof., Dr. Borys S. Zimenkovsky

Rector of Danylo Halytsky Lviv National Medical University

Department of Foreign Students

Danylo Halytsky Lviv National Medical University is listed in World Health Organization (WHO), World Directory of Medical Schools, is certified by ECFMG of USA. The range of countries from which foreigners have come to study at the University is very wide: Poland, Bulgaria, Germany, USA, Canada, Great Britain, Cyprus, Israel, Ecuador, India, Pakistan, Egypt, Lebanon, Morocco, Jordan, Syria, Palestine, Nigeria, Ghana, Zambia, Kenya, Namibia, Democratic Republic of Congo, Cameroon, Angola, Tunisia, Iran, and others.

Teaching of Medicine, Dentistry and pharmacy for foreign students is carried out in two languages – Ukrainian and English. Foreign citizens who are not strong enough in Ukrainian language can enter a one-year Preparatory course, which includes an intense language program, as well as some basic training in Chemistry, Biology and Physics.

The University works closely with different organizations in Poland, Jordan, Egypt, India, Bulgaria, Nigeria, Ghana, Zambia, etc. The University scientists are working on joint scientific topics with leading scientific and educational institutions of Germany, Hungary, the USA, Canada, Australia, the United Kingdom, the Netherlands, France, Sweden, Poland, Belgium.

Hostel

The students' hostels are located near the main academic buildings. Students can be accommodated in 8 hostels with everything needed for studying (including internet clubs and reading rooms), everyday life (with canteens, cafes, the sewing and footwear workshops, the barber's and the laundry open) and rest (gyms available)

Sports camp «Medik»

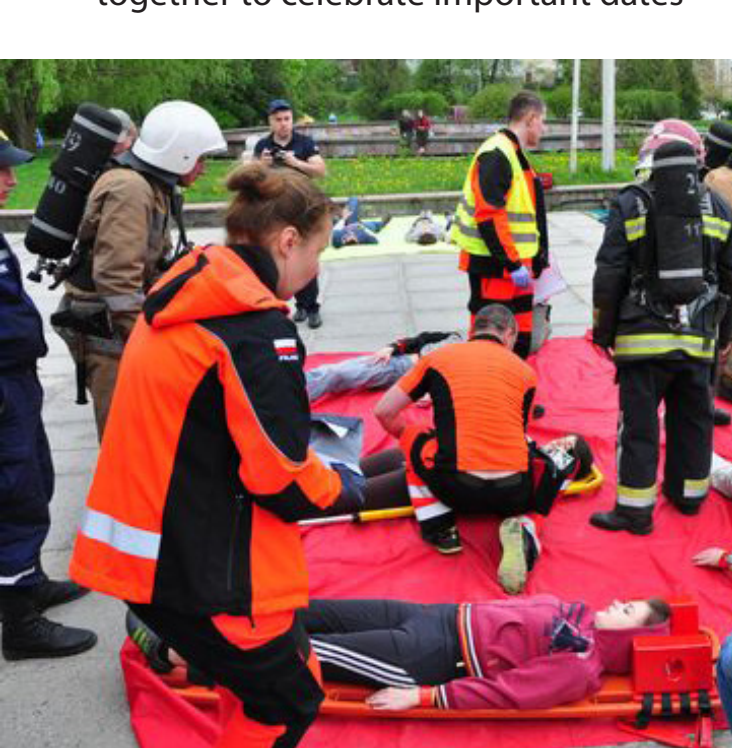

The Student Sports and Recreational Camp «Medik» was founded in 1972. The camp is located in a beautiful pine forest on the shores of one of the most charming Shatskie lakes - Lake PISOCHNY. In the summer, from June to August, here you can have a great time and restore your health to over 1000 vacationers.

Students and teachers of the University have the opportunity to relax in 16 wooden cottages of 4 rooms in each or in a three-story brick-built dormitory for 84 places with amenities in two- and triple rooms.

The camp has a whole range of sports grounds, where health-fitness and training sessions are provided by campers, as well as athletes-students of the national teams of the University are trained for various sports. All conditions for fans of mini-football, basketball, volleyball, tennis, table tennis, chess, badminton, swimming, boating, walking on the lake on catamarans, fishermen, certain types of athletics, etc. are created here.

Students life

Studying at the Danylo Halytsky Lviv National Medical University is much more than being among historical buildings, meeting prominent lectures and attending well-prepared classes. It also means a unique experience of living in a beautiful University City, being part of lovely university tradition, meeting other people and making friends. The University does its best to make its students feel like at home, as members of a large family, meeting together to celebrate important dates
